Back End Language & Frameworks

(PHP, LARAVEL, DJANGO)

RDBMS

(MYSQL)

Clean Code Practitioner

Flexibility

Adaptability

Time Management

About Me

Information Technology student with experience in software development, specializing in front-end and back-end technologies, database management, and code optimization. During my internship, I contributed to developing a content management system, enhancing user interactions, and debugging system performance. I practice clean code principles to ensure a maintainable and well-structured codebase.

Experience

Software Engineer Intern

Passafund | 2024-2025

Collaborated on Quiz Studio CMS

Contributed to building a content management system with Vue and Laravel, streamlining workflows and reducing errors for content managers.

Developed and implemented Quiz Modification Features

Enhanced system flexibility with customizable quiz features, improving user experience and engagement.

Participated in code reviews

Contributed to code reviews, ensuring adherence to Clean Code principles and improving code maintainability.

Debugged and optimized system performance

Resolved user-reported issues, improving stability and user satisfaction.

Education

Bachelor of Science in Information Technology

Consolatatrix College of Toledo City | 2024-2025
